# FREE TO BE ME

with

... FRIENDS

who never  
let you down no matter what

... TEACHERS

who are  
concerned with your problems

... HAPPENINGS

that  
help you get away from the  
classroom and let you show  
your talents

... NATURE

in which  
you find that solitary  
moment and in doing  
so, find yourself  
and thus ...

freedom.

# ADMINISTRATION AND GUIDANCE CONCERNED WITH STUDENT PROBLEMS

Many responsibilities fall upon the shoulders of our administration, but Mr. Erdman Mullins and Mr. Finis McCoy are fully qualified to take on the tedious tasks that help keep the school running smoothly.

All too often we think of tardies and discipline problems when we think of administration. An offer of assistance and a real attempt to communicate further help to indicate the effort our administration makes to fulfill their responsibilities.

Our guidance counselors, always warm and concerned, help many students make decisions about schedules, and future plans for college and vocations. They are on hand when we have problems; they offer a sympathetic ear when we just need someone to talk to.

# NATURAL AND POLITICAL SCIENCES STRENGTHEN STUDENT SKILLS

1

History and Political Sciences broaden the students' viewpoint as they offer some insight and hindsight as to the nature and course of civilization. This, plus a knowledge of our own political system, as gathered from senior American Government, enables us to better understand the forces and the patterns of our history.

Study of the natural and physical sciences is begun in the 8th grade IPS program, and is carried through in Biology and other advanced courses. The science program is strong and greatly strengthens student skills.

# STUDENT INTEREST GROWS WITH NEW COED CLASSES

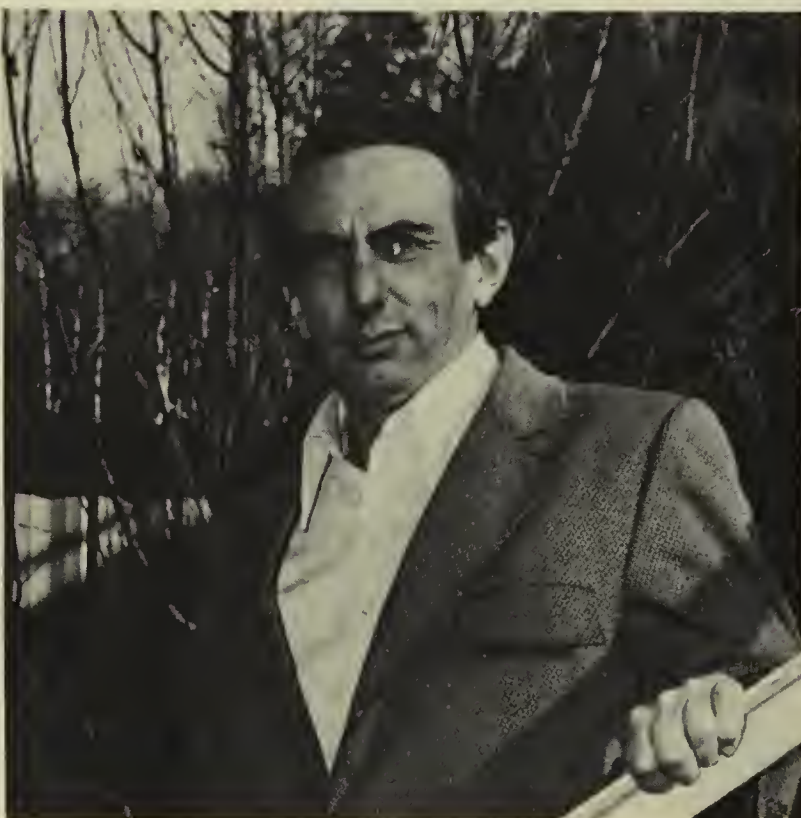

The Home Economics and Agriculture Departments have broadened their course content by including the male and female viewpoint, respectively. In home economics the boys are seeing the girls' ideas more realistically and the same is happening in the agriculture classes. Surprisingly enough to some, these boys and girls who chose to break the stereotype have done well in these courses and have even been accepted by fellow classmates.

# REQUIRED CLASSES AID STUDENTS FOR WORK AND COLLEGE

1

There are some courses that you just can't seem to get out of. Graduating from the 7th grade is a must in order to boost up those phys. ed. and English classes. Enrollment is high and rooms are crowded but the knowledge gained and the sense of fitness acquired makes these required classes both necessary and worthwhile.

- 2). We catch Mr. Norman Mullins taking a much needed break from his harrowing driver's ed.
- 3). Larry Compton and Shirley Salyer seem to be discussing who gets to leave the building first.

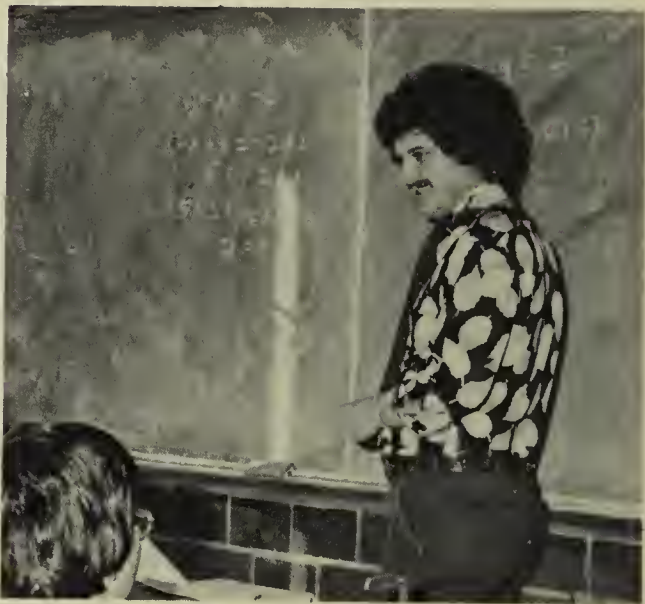

# STUDENTS GIVEN CHOICE OF DIFFERENT COURSES

Students here who favor math find a wide selection of math courses to choose from in the college prep. curriculum, including Physics which, for the first time in several years, is being taught. For those who prefer to prepare for the business world, they also may choose from a wide variety - including a clerk-typist block program and a brand new Business English course, which may be substituted for English 12.

# SCHOOL SERVICE PERSONNEL A NECESSITY

Our Secretary, Patsy Kilgore, checks finances and teachers registers, types school correspondence and does a million other things in her "spare" time.

Keeping the halls and rooms clear of rubbish, paper airplanes, love notes and spit wads is a full time job by itself, to say nothing of repairing windows, fixing torn up seats and mopping floors. A custodians job is never done.

Tasty and nutritious meals are served by our cooks.

1). Miss Patsy Kilgore finds this particular item of paper work amusing.

2). Head janitor, Mickey Mullins, takes a brief break while in the cafeteria.

3). Hermie Barton, Aileen Vandyke, Elsie Tucker, Irene Counts and Mary Woods are busy serving lunch.

# SPIRIT WEEK A GREAT SUCCESS

Spirit Week is traditionally a time of high excitement among the student body. Faculty and students alike take part in daily pep rallies, issuing slogan challenges, tri-cycle races, and making floats. In the cheering competition between the classes, the jubilant eighth graders won the spirit stick. All of this feverish activity culminates in Homecoming.

With school spirit at its highest point, we call this tradition a success--we show pride in our school and team and that's what counts.

We scalped the Pocahontas Indians 14-8 in our Homecoming game, and wound up the festivities with a dance sponsored by the Key Club.

# BEAUTIES AND SWEETHEARTS ARE SELECTED ON MERIT AND PERSONALITY

1). Third year home economics student, Rosa Duty, was chosen by fellow students as FHA Queen.

2). Miss FBLA is Tammy Powers. She is also club president.

3). Jenniver Compton, an eighth grader, won the popular vote for FHA Princess.

4). The title of Miss Jr. High was won by Melissa O'Quinn.

5). 2nd runner-up in the Miss Jr. contest is Cynthia Blankenship.

6). This year's Key Club Sweetheart is Angie Belcher.

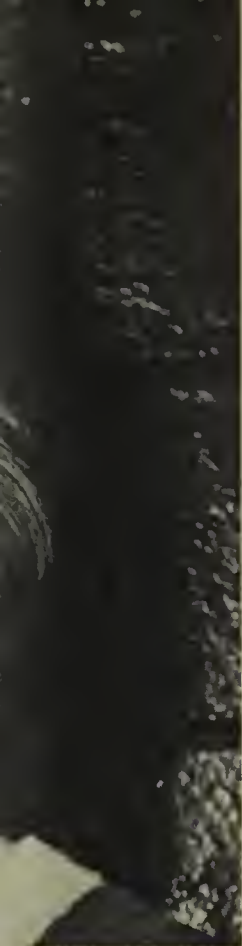

7). & 8). Sherri Owens and Enola Fink are 1st and 3rd runners up in Miss HHS pageant.

9). Miss HHS is Nancy Colley.

10). 3rd runner-up in the Miss Jr. High contest is Karen Stanley.

# SUMMER BREEZE IS THEME OF JUNIOR- SENIOR PROM

1.) Ray Hall's job for the prom was keeping balloons blown up for decorations.

2.) Robin Owens is satisfied with the completion of the stage decorations.

3.) Bruce Sutherland and date Sherry Coleman enjoy the music of the Micheal Copperfield band.

4.) The steady two-some, Jim Grubbs and Minetta Owens are enjoying the night.

5.) Coach Larry Compton and wife Judy look relaxed midway through the evening.

6.) Jimmy and Rita Justus ask Junior Eppling and Debbie Fuller to pause for a picture.

7.) Vivan Sykes is glad to hear the 3:15 bell ring after a hard days work on the gymnasium.

The junior class consisted of 103 students. Out of the class a prom committee was chosen to begin preparations for the Junior-Senior class prom. Class meetings were held and finally it was decided that the theme would be summer breeze. After selling magazines and candy, enough money was raised to begin buying the necessary supplies to produce the actual summer evening. Students from the sophomore class were chosen as ushers. The band that performed was Michael Copperfield from Elkorn City, Kentucky and prom night was a night to remember.

A Memoriam For

# Ricky Woodrow Dale

And

# Mitzi Regina Rose

Turn me loose from your hands  
Let me fly toward distant lands  
Over green fields

Trees

And mountains

Flowers

And forest fountains

Home along the lanes of skyway

For this dark and lonely route

Projects a shadow cast in gloom

And my eyes

Are mirrors

Of the world outside

Thinking of the ways the wind can turn

The tide

And these shadows turn from purple

Into grey

For just this skyline Pigeon

Dreaming of the open

Waiting for the day that he can spread his wings

And fly away again

Fly away, skyline Pigeon

Fly

Towards the dreams you left so very far behind

Let me wake up in morning to the smell of new-mown hay

To laugh and cry

To live and die

In the practice of my day

I want to hear the pealing bells of distant churches sing

But most of all

Please free me from

This aching never-ring

And open out this cage toward the sun

For just this skyline Pigeon

Dreaming of the open

Waiting for the day that he can spread his wings

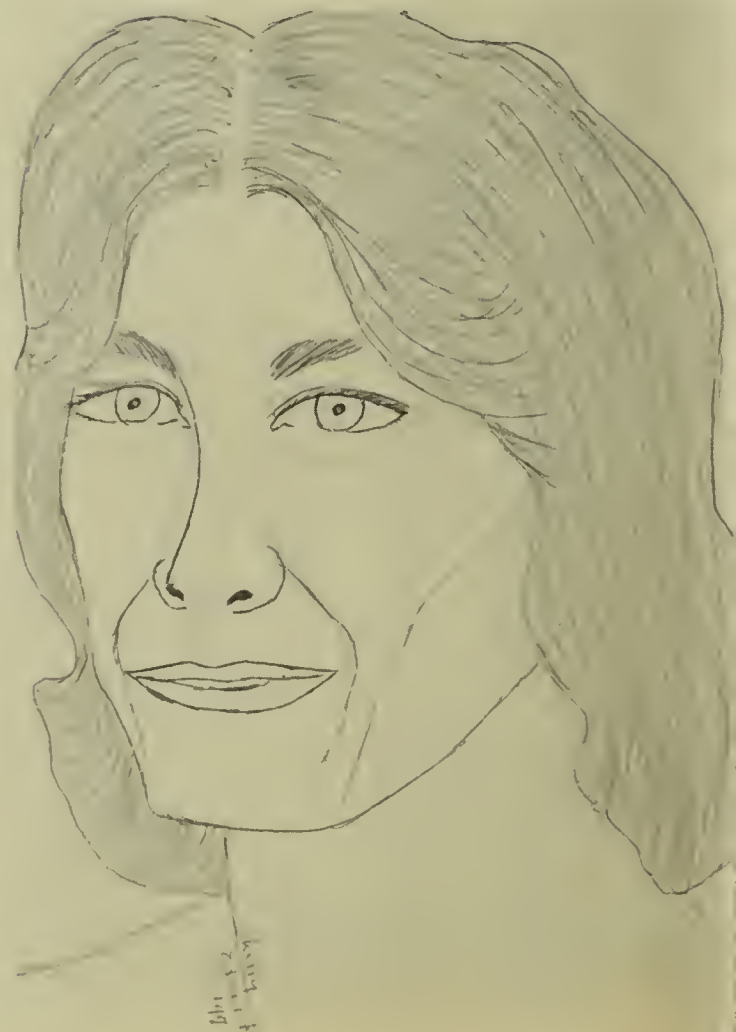

And fly away again

Dedicated to Flight and Freedom by  
Elton John and Bernie Taupin

The last year of school means preparing for a future and fighting the apathy known as "senioritis". And the biggest realization is that "you look forward to your senior year but when it arrives you're now really ready to make decisions which form your future". In looking back at the activities you participated in, there is also the realization that working up to graduation meant good times too.

Seniors stress activities such as hard work in order to achieve their credits. Staying in school, getting good grades and enough credits so you can get out as soon as possible, working hard on term papers, and learning how to figure out your own income taxes are among others. In Clerical Science, learning how to type and file were very helpful to business bound students. The Class of 1977 go involved and everyone worked really hard. You only have one senior year so make the best of it.

# VARSITY BASKETBALL TEAM ARE DISTRICT CHAMPS; THREE SENIORS LEAD SQUAD

Girls' basketball has generated enthusiasm and much school spirit during the three short years we've had a team. This was a good year for the Tigerettes.

After losing only one game this season to Pound, the Tigerettes went to the District play-offs with a 17-1 record. Led by the senior players, Mary Deel, Tammy Jo Powers, and Edna Boyd, our team defeated Council and the District Championship Trophy was ours for the second year in a row.

Aggressiveness has been the key to this winning season plus the outstanding coaching abilities of Judy and Ronnie Compton.

We were one step away from going to the State play-offs. We'll be losing three of our starting seniors, but we've got some good girls coming up.

L-R: Lisa O'Quinn, Sabrina O'Quinn, Sue Sutherland, Mitzi Rose, Mary Deel, Sharlene Kilgore, Regina O'Quinn, Edna Boyd, Blenda Ramey, and Tammy Powers

# TIGERS ALIVE AT 5-5

I think that we as a team became satisfied and forgot what we could have accomplished if we had only worked harder. We set as a goal The Districk Championship, and fell short by one game. Our season ended 5-5 and I feel that each of the players and coaches know that we were much better than our record indicated. The one positive note that resulted from losses this year, was the realization that the possibility of a district championship at Haysi is no longer the "Impossible Dream". We will feel great loss with the graduation of our nine seniors, but we were extremely fortunate to have 22 returning lettermen. With the leadership of our seniors next year, coupled with a highly talented junior and sophomore class, our dream of a District championship mya soon come true.

My message to the team:

Don't be satisfied  
Don't be average  
Always be thankful

Coach Kiser

## J.V. Football Squad Comes Through Season Wrap-Up

1976 Junior Varsity Football Cheerleaders: Deliliah Turner, Fern Deel, Sheila Wallace, Nanette Willis.

Our 3-3-3 record was not as good as the previous two years but we were operating with a majority of unexperienced eight graders. The main objective in Junior Varsity Football is to prepare our boys to compete on the varsity level at play -- therefore we stressed fundamentals and learning the basic offense and defense used by the varsity squad; the wishbone offense and the 5-4 defense. It was in accomplishing these basic objectives rather than in the win-lose column that we felt we had a successful season. Coach, Bill Deel.

The Haysi Tigers Basketball team has not done as well as expected; the boys are talented and competitive, but they have not been able to get it together. Although the team lost one of its starting seniors due to injury, they have had good back up players.

Thus far, the team is 4-11 overall and 4-8 in the district. Tigers are presently in 7th place. They have hopes of making the district playoffs and moving on to the regionals.

There are 4 starting Seniors on the team. Coach Mullins hopes they will show some of their talented leadership for the remainder of the season and throughout the playoffs.

1) David Sutherland, a starting sophomore, has great potential to lead Tigers in the next two years. 2) Neil Edwards, a senior, averaged 16.8 points a game this year. 3) Bubby Mullins, an outstanding defensive player, brings ball down court. 4) Terry Sykes, a valuable defensive player, also averaged 13 to 15 points a game.

## J.V. Team Shows Potential

### Coach's Comment

I would like to begin by saying this has been my most enjoyable season as a basketball coach.

The talent on this team is unlimited; they can and may go places in the future. I don't want to single out anyone because the great season we are having is the result of a team effort. We made some great comebacks (Hurley and Garden) and we have out-hustled every team we played. The results were not always in our favor but the boys could always hold their heads high.

In conclusion, I know this has to be one of the best J.V. teams to play at H.H.S. in some time.

1) J.V. Cheerleaders (L to R) Trina Owens, Stacey Garrett, Dedra Hill, Alfreda Turner, Rhonda Yates. 2) Jeff Sutherland brings down rebound.

2

The Tigers baseball team had its ups and downs last season. At the end of the year, they were in fourth place. Basically, the team displayed some good talent; the problem was a lack of support from the students and the community. If the boys' talents had been appreciated more often throughout the season, the team would have been more motivated -- perhaps to the point of taking that elusive first place.

For years, the students and the community haven't taken track seriously or even shown much interest in this sport. The students have great track capabilities and with training and effort they can become great athletes in not only track but other sports as well. Sophomore, Glen Turner, illustrated this last spring when he won both the mile and two mile events in the Clinch Valley District Championship meet. He totaled over 100 individual points for the season. Hopefully this should make us realize there are a lot more like him who have similar potential. The problem now is to get an enthusiastic track program organized and get the student interest aroused.

1. ) Coach McCarty is ready to time a run for Sidney Carico and Jeff Wallace. 2. ) Ron Rasnake and Ronald Wallace begin evening track practice with a warm up exercise. 3. ) Benny Garret hands off the baton to Hugh Belcher during a relay race.

36 members of the marching band began the year by drilling for the public performances they will be making. Under the leadership of Mr. Bruce Rush and Captain Melinda Edwards, the band performed at all home football games, at the student assembly programs, and at the Christmas parade. They also staged public concerts.

They appeared at the Southeastern Band Festival, which included parade and field competition and a television appearance.

## Future Teachers Honor Faculty During National Education Week

The highlight of the FTA club was National Education Week, which consisted of an assembly program that dealt with the past 200 years of national and local education. The group chose Mr. Ronnie Bartley as their guest speaker. Throughout the year the club is active assisting the faculty and administration whenever possible. The group ended National Education Week by serving refreshments to the faculty and administration.

## Future Homemakers Club Largest In School; Stresses Program Of Works

The FHA club had a busy schedule this year which included a goal to involve the members more than ever before. "Everyone worked really hard, especially the officers," said Mrs. K.J. Powers, FHA advisor. Money-making projects included selling calendars and candy. The Christmas season was an active time for the club. Club queen and princess, Rosa Duty and Jennifer Compton, were in the community Christmas parade and canned cakes, which were prepared by the members, were distributed to senior citizens as Christmas gifts. "The 118 member club not only had number it also had many excellent qualities," said Mrs. Nancy Hudson, advisor. The officers worked many hard hours on the club's program of works for the year. "The program of works helped us stress our activities much better," said Rosa Duty, club secretary.

The Key Club is among the only remaining all-male organizations at Haysi. This service group directs traffic after school and at sport events, serves popcorn for ballgames, raises and lowers the flag each day and places spotters at the home sports activities. The club not only strives to help the school, but is responsible for many community improvements. Along with the local Kiwanis Club, the group helped add an addition to the refreshment stand at the football field.

## Pep Pals Show Spirit By Supporting Teams

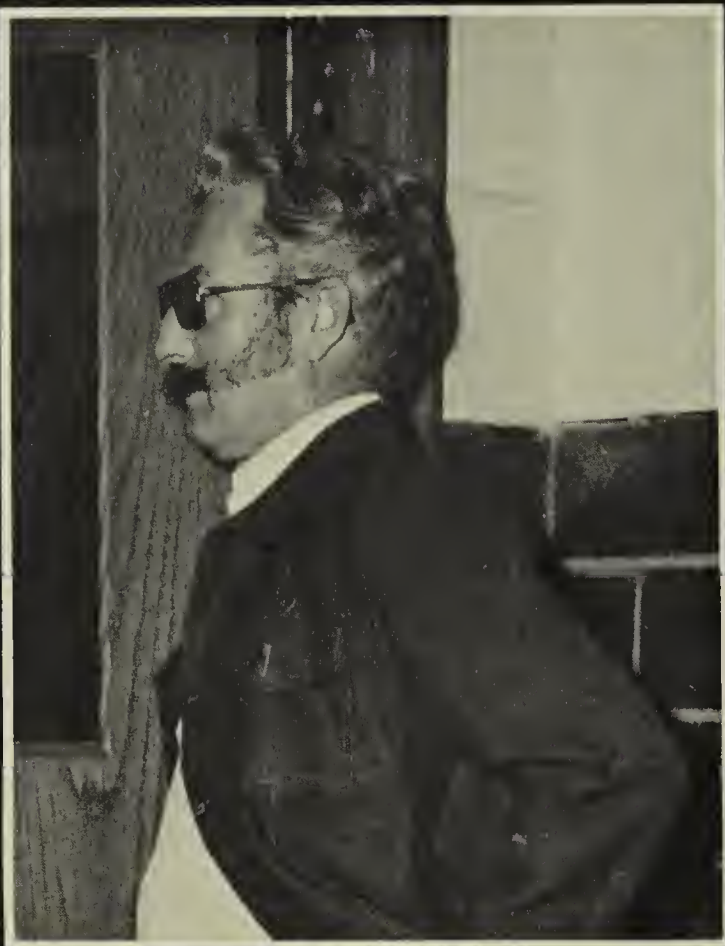

Spirit and enthusiasm were things the Pep Club possessed to make it one of the best clubs in the school. It strived to support all school sport teams with an abundance of school spirit. Pep buses traveled to most of the away sport events and pep sections were arranged at both home and away games. The members of the club shared the triumph of victories and the disappointment of defeats.

## 4-H Club Members Unite With Different Interests

1

The main goal of the 4-H club is to involve young people with their community and adults. Although the group is small, it has proven to have quality. Important activities agreed on by club members were: Share the Fun contest, day camp learning programs and summer trips. The group also made several nature field trips and sponsored the annual talent contest, along with the Dickenson County Extension Agent. The year ended with several members attending 4-H camps as counselors.

## Annual Science Fair Climaxes Science Club Activities

Science Club. ROW I: Sheri Senter, Tony Colley, Robbie Hay, Bill Anderson. ROW II: Warren Hay, Mike Younce, Kieth Willis, Stoney Fields. ROW III: Mike Mullins, Steve Thomas, Buford Hill, Rick Whitner, David Anderson, Mark Mullins, Melinda Edwards, Ricky Ratliff, Lane Sluss, Benny Hess, Jack Colley, Advisor.

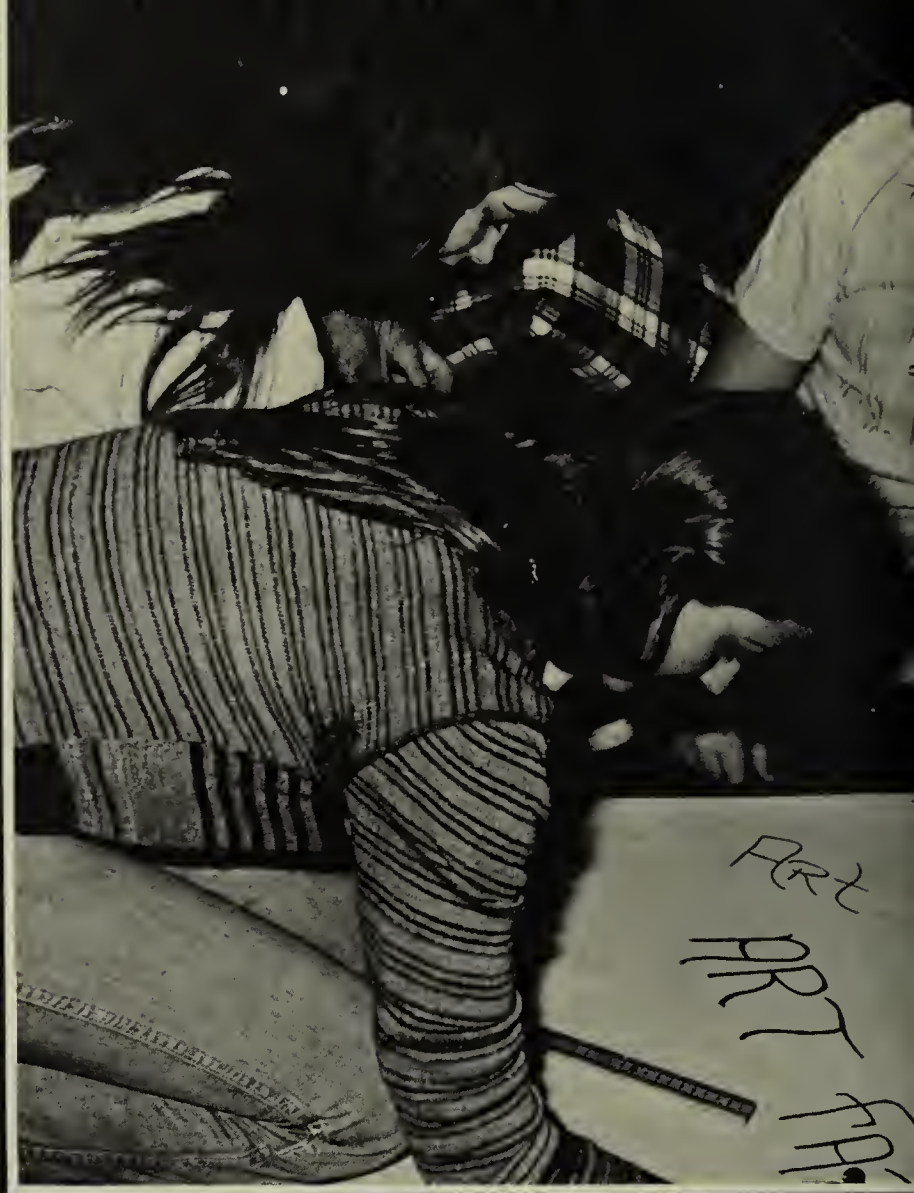

One of the most memorable occasions Science Club members had was a visit to the Tri-Cities Airport in Bristol, Va. This included a plane ride and aviation studies. A nature field trip through the mountains was an interesting experience and ended with the members getting ideas for their annual Science Fair Projects. The Science Fair was a two day event which enabled members to show and explain their different projects. These ranged from Aciputure to the complete explanation of the Heart.

- 1.) Mr. Roy Deel, along with his brother Mr. Lee Deel sponcers the 4-H Club.
- 2.) Mr. Jack Colley always offers his opinions on Science club matters.
- 3.) Warren Hay works in the library on his Science club project.
- 4.) Mark Mullins expresses his ideas for the Science Fair.

## Theme Of Art Club Homecoming Float Was "Beat Indians"

"The members of the Art club have been filled with creative ideas," said Mr. Bill Deel, club sponsor. This was proven during the Halloween season when the club sponsored the, "Haunted House." A fee was charged and this was an exciting money-making project. The annual art exhibit, which was held in the school library, was another example of the club's creativity. One of the hardest worked on projects of the group was the Art club homecoming float. The theme was, "Beat Indians." It consisted of Indians capturing a Haysi High football player, but as you know, here came Tigger the Tiger. Our football player was rescued.

ROW II: Tommy Garrett, Hugh Belcher, Bubby Mullins, Junior Epling, Rocky Dale, Jimmy Baker, Eddie Stanley, Danny Deel, Jerry Vitatoe, Rick Mullins, Buford Hill.

The Keep Virginia Green club is a volunteer group, which is mostly interested in keeping the forests green and clean. The organization meets about once a month and attends meetings sponsored by the local fire wardens. These meetings pertain usually to preventing forest fires and how to control them once they have begun. The group also collects litter along the roadways and in the forests.

- 1.) President Sandy Sykes, Blenda Ramey, Neal Grizzle, and Eddie Steele work hard on posters telling about the "Art Fair."
- 2.) Linda Woods, Sandy Sykes, Bubby Mullins, Sabrina O'Quinn, Regina O'Quinn, Dexter Counts, Karen Stanley perform their skit on the homecoming float.

## Bible Club Takes Active Part In School Assemblies

The Bible club has a most unique and rewarding purpose for their organization: To create, maintain and extend, throughout home, school and community, the highest standards of Christian character. The club's activities included helping needy families, visiting shut-ins, attending a Bible college, and assisting in presenting school assemblies. This included holiday related programs during Christmas, Easter and Thanksgiving seasons. Many non-related holiday programs were also given by the club.

## Book Club Aids Librarian; Sponsors Monthly Book Sales

The librarian, Mrs. Judy Fuller, is ably assisted by the Book Club. Since the library department is now taking care of all audio-visual equipment, the librarian is involved in many activities besides the work with books and magazines. The Book Club is basically a service organization, but finds time each month to sponsor the popular book sales. After completing a year's work, the members receive their honorary Book Club pins.

# Future Farmers Begin Classes In New Agriculture Building

The FFA club, which is now coed, is a group that requires skillful knowledge. The group is taught agricultural techniques, machinery management and are encouraged to develop careers in farming and agricultural fields. Through participation in their different selected school projects the members of the club have gained needed confidence to pursue their individual goals. Helping the students is the new agriculture building, which has much new equipment including auto and small engine repair, carpentry and woodwork.

Having co-sponsors, Mr. Bill Wright and Mr. Darrell Silcox, the AMPC-Photo club got off to a good start. The club was formed combining the AMPC and Photography clubs. They helped fulfill their purpose by learning not only how to take pictures but how to develop them. Many club activities were also centered around the topic of weather.

- 1.) FFA officers, Bob Dearman, Clifton Boyd, Ralph Roark, Bradly Childress, David O'Quinn, and Micheal Perrigan are always ready to help the FFA Club.
- 2.) Mr. Darrell Silcox is a co-sponsor of AMPC-Photography.

Selling candles, candy bars and Mums for homecoming were the money-making projects sending Junior and Senior Betas to State Convention in Roanoke, Va. The Beta club, an honorary society for students in grades 10-12, is basically a service organization. This includes rendering help in all parts of the school. To end the year, leadership certificates were presented to all Senior members.

The FBLA Club aids its members for the role as professional business persons. "It is of hopes that these students will go on to business related schools to improve their abilities," said Miss Jackie Collins, business teacher. The coed group delivered fruit baskets to a resthome, sponsored the elementary beauty pageant, took a trip to a business college and ended the year with the annual spring picnic held at the Breaks Park. The main highlight of the year, though, was the recognition by the National Business Leaders Association to allow the Haysi FBLA club membership. This permits them to compete in national FBLA activities.

Robin Owens, the most energetic senior in the 1977 class, couldn't wait to have her picture taken.

## Yearbook Staff Forms Unique, Unified "Freedom"; Also Do School Paper Productions

A Freedom staff of fourteen kept busy during the year trying to produce a yearbook that included as many parts of the student body and administration as possible. The staff tried to unify the book by coordinating colored pages and designing a unique cover. "Colored paper and a different style for the yearbook cover broke away from the traditional, and I feel helped to further emphasize our theme of 'freedom - especially in matters of freedom to be yourself,'" said Rosa Duty, Freedom Editor. Hugh Belcher, photographer, attended a yearbook workshop and said, "I think the workshop helped make the book better. It was lots of fun." Disagreements are bound to erupt when so many opinions are involved and the Freedom staff was no exception. "The staff worked together closely with a few disagreements, but the ending results show it was all worthwhile," said Robin Owens, senior staff member. Between deadlines the staff saved money by producing several editions of school newspapers.

# Memories Are Free . . .

With common goals and common belongings, we laughed, we loved, we played, we lost and won. Those were our school days. . . our happy school days. They were real, because we made them real. They were alive because we existed. Someday they will only be memories.

# FRESHMEN MOVING ON UP

Ninth graders must decide whether to follow the college preparatory, technical or vocational business curriculum. Future goals and ambitions are being formulated at this point; freshmen can look forward to many activities and events before graduating. It's nice, as many freshmen have noted, just to move up a floor and have a hall locker. Trying out for Junior Varsity sports and sports related activities are also high points of the year for this class.

This is the eighth graders first year of high school. It consists of everything from first year of Phys. Ed. to having their own locker. The girls mainly look forward to home economics and the boys look forward to shop. Everyone likes to join clubs. All in all eighth graders say they like high school better than elementary--they have more advantages, more responsibility, and a lot more freedom.

For most 7th graders the change from elementary school to high school is a big step. No longer the oldest and ruling class in the school, the student finds himself the youngest, open to ridicule and teasing from the upper classes.

Some feel the rules of high school are more lenient than in elementary school and believe this is a definite sign of more mature treatment. The teachers also expect them to be old enough now to have more responsibility.

In this time of endless complications and hurried lifestyle, it is assuring to know there are some who find satisfaction in the simple things. Working together and being part of each other has been one of the Freedom staff's most rewarding goals this year. As Editor of the 1977 Freedom, I would like to thank the photographers of Elizabethan Studios for their help with pictures; Mr. Jack Cross, Josten's American Yearbook representative, who gave his advice; Mrs. Kathy Slusher, our faculty advisor, for giving her assistance and listening to our every problem; my staff, who really made

this yearbook possible; the administration, faculty and guidance departments, who contributed greatly to this publication; Sherry Edwards, a fellow classmate, and Mr. Bill Deel, a faculty member, who did special artwork for the yearbook; Mr. Bill Wright, my annual advisor last year, for developing pictures for us; and most of all - my family, for being so understanding and patient during the past year. As proven, cooperation is one of those simple things that comes naturally to beautiful people.

George,  
To one of the sweetest,  
nicest, cutest guys in H.H.S  
whom I like very very much.  
Best wishes in the future with  
all my love. Hope you succeed in  
everything you do, especially your  
singing & whistling. Hope we have  
a great future together.

with  
all  
my  
love  
Vicki E

George, you have been a  
good friend this past year  
and we have had a lot of  
good times together and  
I hope we'll have a lot  
more Good luck with  
the girls.

Barry

To a really  
sweetest girl in  
the world. I met you  
at the Gore last night  
and I just love you.  
I just love you. I just  
love you. I just love  
you. I just love you.  
(TS)

To a real  
great guy.  
who I enjoy  
being with. Rem. me  
as I will you.  
your friend,  
Danny

To a good friend who sounds  
like a siren. Hope you have luck  
in the years to come. I hope I  
am your friend because you  
are mine. Your pal!  
Mark Hill

George,  
You've always been  
such a good friend  
to me and I hope  
you always will be.  
I hope you remember  
all the good times  
at H.H.S. and all the  
bad as well. Remember  
all the times we went to  
sleep in our classes.  
I hope you're always  
happy and someday  
get the girl of your  
dreams. Good luck  
and take care because  
you are a very special  
friend to me.

Love ya,  
Judy
